Ulysses AGM 8th -15th March 2010 in Albany.

Albany AGM - we need feedback on who is going to be available to volunteer and when - they require people before and after the AGM.

Please let Dee know.

The rego forms are in this issue of Riding On, for those who haven't been to an AGM this will be the best chance you will ever have to experience the delights that the AGM offers, just ask any members whose been to one in the past. As the committee will need all the help they can get, it would be a good idea to organize to attend for a few extra days to volunteer your assistance and have even more fun, for those who need to get time off from work get in early and book so you don't miss out.

EMU NEWS since last time, it's been awhile since the last issue cause the Editor went on holidays and has been slack since he got back home. The Esperance show came and went with a few members displaying their bikes and answering questions, some questioners indicated their desire to join up but we haven't seen them yet, which would fit the mould of our group cause we don't take ourselves too seriously, as I explained to one prospect, we don't have rules and operate on the K.I.S.S principle. The Ulysses visitors Grant & Michelle came and went, they had a Trumpy Sprint in their trailer, while here they got it out and wandered around checking out the sights, Us British aficionados were quite chuffed on the Sunday ride, Grant & Mish and Lyn & myself on the Tiger went down to the muster point to find Steve waiting with his spanking brand new Thunderbird, (enough to make any britophile start salivating) (where were you Latenerly) and then, lo and behold Richard from Scaddan rolled in on a Rocket, it was really grand to see 4 Trumpets in a row. Ken & Mary rocked in on the outfit, Tor breezed in with his new space-age looking Honda DN-01 and Bill & Jenny joined in for a spin to Gibson Pub for a bevy, lunch and a chat, twas a nice day out. You can follow the exploits of Grant & Mish on their website. See the next item. Now the weather is getting warmer we hope to see more riders out and about enjoying the wind in the hair, bugs in the teeth joy that only motorcycling can offer, See you out there.

Note in from Michelle & Grant: Hi Guys

Hope your both well and I haven't passed the flue onto either of you. We made it to Cocklebiddy on the 1st night - nearly killed me it was so hot - someone said it was 42 - by the time we got to Cocklebiddy I needed to cool down and get my temperature back under control - but I managed to sweat most of the flue out as I v been feeling heaps better since then only got the cough left. Made it through to Penong last night and set up camp just as it got dark, we're heading to Port Augusta today and then into Adelaide tomorrow.

We hope that Lynn had a great birthday.

Speak to you soon

Mish & Grant

*A Ulysses bloke goes in for his yearly physical with his wife tagging along.
When the doctor enters the examination room he says, "I will need a urine sample, a stool sample, and a sperm sample."*

The man, being hard of hearing, turns to his wife and asks, "What did he say?"

The wife yells back to him,

"GIVE HIM YOUR UNDERDACKS"

NEW BIKES Tor has a snappy new Honda, Red of course, We wondered how long it would be before he lapsed back. And the THUNDERBIRD is finally here. What a beauty, Steve can't keep off it. It is filling the ache in his heart after the Road King got sold. Lyn can I have one please!

The two ulyssiens were talking, and one said, 'Last night we went out to a new restaurant and it was really great. I would recommend it very highly.'

The other man said, 'What is the name of the restaurant?'

The first man thought and thought and finally said, 'What is the name of that flower you give to someone you love?'

You know.... The one that's red and has thorns.'

'Do you mean a rose?'

'Yes, that's the one,' replied the man. He then turned towards the kitchen and yelled, 'Rose, what's the name of that restaurant we went to last night?'

During a commercial airline flight an Air Force Pilot was seated next to a young mother with a babe in arms. When the baby began crying during the descent for landing, the mother began nursing the infant as discreetly as possible.

The pilot pretended not to notice and, upon disembarking, he gallantly offered his assistance to help with the various baby-related impedimenta.

When the young mother expressed her gratitude, the pilot responded, "Gosh, that's a good looking baby... and he sure was hungry!"

Somewhat embarrassed, the mother explained that her pediatrician said nursing would help alleviate the pressure in the baby's ears.

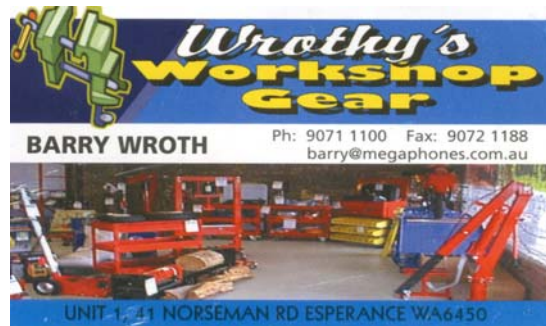

The Air Force Pilot sadly shook his head, and in true pilot fashion exclaimed, "And all these years, I've been chewing gum."

A very pretty young speech therapist was getting nowhere with her stammerers Action group. She had tried every technique in the book without the slightest success.

Finally, thoroughly exasperated, she said "If any of you can tell me the name of the town where you were born, without stuttering, I will have wild and passionate sex with you until your muscles ache and your eyes water. So, who wants to go first ?"

The Englishman piped up.

"B-b-b-b-b-b-irmingham", he said.

"That's no

use, Trevor" said the speech therapist, "Who's next ?"

The Scotsman raised his hand and blurted out

"P-p-p-p-p-p-p-aisley".

That's no better.

There'll be no sex for you, I'm afraid, Hamish.

How about you Paddy ?

The

Irishman took a deep breath and eventually blurted out

" London ".

*Brilliant, Paddy! said the speech therapist and immediately set about living up to her promise.
After 15 minutes of exceptionally steamy sex, the couple paused for breath and Paddy said "-d-d-d-d-d-d-d-d-erry".*
